1st March 2020

Hello,

I am writing to express my interest in the Unity Developer position at Sky Farm Interactive. I have four years of experience with Unity/C# development and am experienced at writing code that is both efficient and intuitive for players. I am also a fast learner, and I believe that I am well-suited for this job. You can find my portfolio at <https://superspacehero.com/>

I am currently a Computer Game Design major at George Mason University, and am on campus during the school year. Please contact me at any time.

Thank you,

Asher Pinson
